with the United Farm Workers Foundation's "Fair Harvest Champion Award" for her leadership on the historic Agricultural Job Opportunities, Benefits and Security Act (AgJOBS) that will positively change the lives of over a million farm workers and their families. The AgJOBS bill represents a major compromise between the United Farm Workers and major agricultural employers to address the immigration crisis and the impoverished existence that American farm workers are forced to live.

Forty years ago, Edward R. Murrow produced the documentary "Harvest of Shame" that exposed the desperate lives of the migrant farm workers in America. Four decades later, little has changed. It's time. Please join us to benefit the UFW Foundation and to honor Senator Feinstein.
